## SPEAKER COLUMN GRILLES

One-of-a-kind, sculpted or laser-cut grilles designed for theater columns that conceal speakers. They come in two sizes, 72" x 13 1/2" and 66" x 13 1/2", to accommodate various room heights and are available in different finishes. All grilles include instructions on how to construct the columns that will contain them.

## ACCESSORIES

No project is complete without accessories that accentuate the design of the spaces inside and outside the home theater. Poster displays, exit signs, decorative push plates, marquee signs, etc., add an element of glamour and sophistication to any lobby and theater entrance. Our accessories collection is the perfect complement to any home-theater environment.

## LIGHTING

These sparkling jewels represent a collection of exquisitely designed lighting sconces and ceiling-mounted fixtures that will accentuate and add character to any décor. Luminary showpieces inspired by the creations of some of the most celebrated designers of the 20th century, they are hand-crafted using Old World techniques and are available in exciting finishes.

## THEATER SEATING

TK Living's theater chair collection consists of 3 different designs; Art Deco, Traditional and Contemporary.

TK living theater chairs are 100% hand-built in the USA and are made of the finest materials. They are available in leather, fabrics (microsuede, velvets, etc.) and eco-friendly faux-leather. In addition, all chairs can be configured as modular seating rows.

*Art Deco*

*Contemporary*

*Traditional*

## ACOUSTICAL FABRICS

Most decorative wall upholstery fabrics are not made with the home theater in mind. They are too dense to allow sound to reach the acoustical treatments or speakers behind them. This designer-friendly, specially-woven and tested collection of acoustical fabrics feature a wide variety of exciting design patterns and colors and can be used safely over both acoustical treatments and speakers. The collection consists of 18 patterns, available in 7 to 12 color ways per pattern.

*Acoustically tested and approved!*

## CARPETING

Innovative designs and a sophisticated color palette make this collection the ideal fit for any home theater and lobby area. Available in a variety of traditional, contemporary and art deco styles, these carpets are manufactured with antistatic protection to safeguard AV equipment from potentially damaging electrical surges. They also provide a layer of sound absorption to rooms that are not acoustically treated.

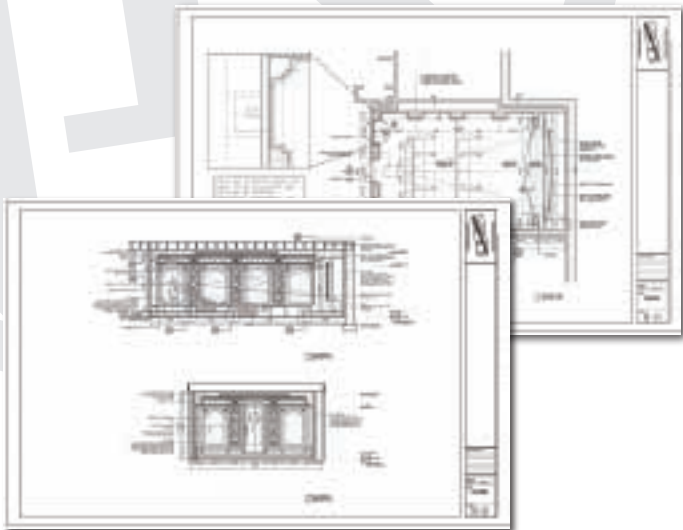

**TK Living** presents a collection of finely crafted architectural accessories and elements designed for home theater and other home-entertainment environments. The collection reflects the work of Theo Kalomirakis, the pioneer and leading authority in custom home-theater design. It features exciting and innovative specialty products, such as acoustically transparent designer fabrics, unique architectural lighting fixtures, luxurious carpet, and a variety of one-of-a-kind accessories that include poster displays, decorative speaker grilles, exit signs, theater-door hardware and more. The collection draws heavily upon Theo's own architectural and design portfolio, as well as the work of the design pioneers who inspired him. No home theater, media room or entertainment environment is complete without home-entertainment accessories from TK Living.

TK Living represents home entertainment at its sophisticated best!

## TK LIVING DESIGN SERVICES

TK living design services provide a luxury, standardized home theater design package, based on Theo Kalomirakis' award winning body of work. The design integrates TK Living accessories and elements and can reflect three distinct theater design styles: traditional, art deco and contemporary. Each design is adapted to the dimensions of the client's space and includes floor and ceiling plans, elevations, sightline study, column fabrication detail and integration of electronics, etc.
